

Mr. Coffey -

Re your questions on the rest rooms. [redacted]
of LSD says, yes they are going to get new furnishings.
He says they will use the chairs from the Executive
Dining Room but have to wait for the new chairs to
come in. They are also ordering small settees which
have not come in yet. He says things are underway and
will progress as soon as possible.

MEMORANDUM FOR: Mr. Wattles

25X1

Some time before seeing the DD/P's women's lib paperwork I had made a note to raise the question of a hard look at the decor/appointments of facilities such as restrooms for women employees. I believe that this specific point is well worthwhile pursuing but I wonder if in doing so we should not constitute some sort of women's employee advisory group to help on matters such as this. Although not limited to female side of the house, the Employee Cafeteria Committee seems to have been an effective instrument.

25X1

with [redacted] Would you turn this over yourselves and perhaps perhaps agreeing that a specific of the rest- rooms might get some active attention without waiting for a determination on the idea of a group. Then, if the group thought appears to have merit would you consider how to constitute, implement and structure - might this be a topic on which to solicit MAG counsel?
